

# Whether to paint depends on the weather...or does it?

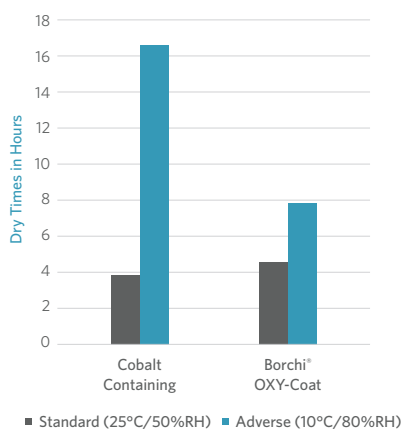

Borchi® OXY-Coat High-Performance Cobalt-Free Curing Solutions allow for the application of coatings under any weather condition

## What can Borchi® OXY-Coat provide under extreme conditions?

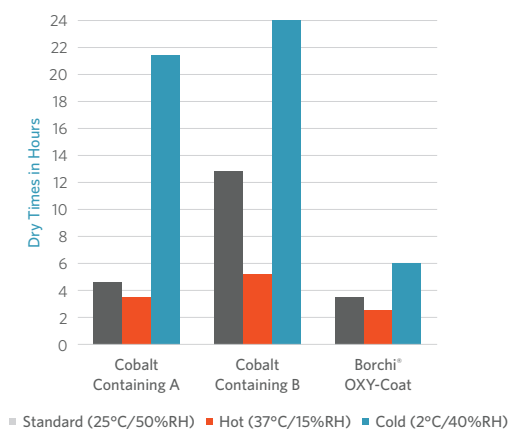

- Similar dry times in a wide range of ambient weather conditions
- Quicker dry times in cold weather
- No surface wrinkling when applied in hot weather
- Ability to apply multiple coats in one day

Through Dry Time of SB Pigmented Direct to Metal Applications

Through Dry Time Comparison of SB Wood Stain

Wrinkling Prevention on Substrates

Cobalt Containing

Borchi® OXY-Coat

When used in adverse weather conditions, Borchi® OXY-Coat provides better dry times than metal carboxylate and competitive alternatives, with minimum dependency on through driers.

Unlike cobalt alternatives, Borchi® OXY-Coat does not cause wrinkling in hot weather.

Borchers offers cobalt-free solutions that are VOC- and APEO-free, Proposition 65 and REACH compliant, and can be used in both water- and solvent-based applications.
